We accept referrals from a variety of sources, including families, schools, juvenile justice, mental health professionals, and many others.

About Choices

Choices is a national nonprofit organization. For more than 20 years, we have helped children, adults, and families with complex behavioral and emotional needs.

We are a Certified Wraparound Provider Organization and Mississippi Youth Program Around the Clock (MYPAC) provider. We partner with The Mississippi Department of Mental Health, The Mississippi Wraparound Institute, the Mississippi Division of Medicaid, and Families as Allies.

Wraparound for Mississippi Families

Family Support and Partnership
for Youth with Emotional and
Behavioral Health Needs

We offer unwavering support

When your child experiences significant behavioral challenges, your whole family feels the impact.

Choices Coordinated Care Solutions partners with you. We listen. We get to know your family's unique hopes, circumstances, and culture. We work with you to build on your family's strengths. We help you find lasting solutions so your family looks forward to the future and can focus on the things that matter most.

You know what works best for your family. Choices has a broad network of service providers available to you. You have the freedom to choose professionals and services that make sense for your family. You drive decisions when it comes to the care of your child.

What is Wraparound?

Wraparound puts your family in the driver's seat. Here's a brief overview of activities.

1

You will work with a Choices Wraparound Care Coordinator, who will be your family's partner throughout the Wraparound process.

2

You and the care coordinator will work together to create a team. The team will include your biggest supporters, such as friends or family members. It will also include key service providers and agency representatives.

3

The whole team works together to create a plan of care. Your family leads decision making and can adjust the plan as needed.

The goal is always to transition out of the program equipped with all the community support needed to succeed long-term.

Benefits of Wraparound

Wraparound prevents unnecessary removal of children from their homes.

Other benefits of the program include:

Better family harmony

Safer behavior at home, school, and elsewhere

Improved life and social skills

Being heard as a family and leading the planning process

Stronger community support

We help families like yours

Life outcomes are better for children who can stay with their families in a way that works for everyone. Our goal is to connect your child and family to the resources you need to thrive at home and in the community.

The young people we work with usually have complex behavioral health needs. They may also express risky behavior, such as hurting themselves, skipping school, running away, or abusing drugs and alcohol.

Choices currently serves families who:

- Live in Southern Mississippi;
- Engage with multiple systems, such as juvenile justice, Child Protective Services, and Mental Health; and
- Care for a youth or young adult (21 and under) who is at risk of placement in a psychiatric residential treatment facility.
